Connecting Practice, Training, and Expertise**

WELCOME SPEECH

The 38th Weekend Course on Cardiology (WECOC) 2026

Dear Colleagues, Guests, and Alumni,

On behalf of the Department of Cardiology and Vascular Medicine, Faculty of Medicine, Universitas Indonesia. I warmly welcome you to the 38th WECOC (October 8–10 & 17, 2026, Hotel Borobudur Jakarta). Under this year's theme, "Integrated Cardiovascular Care: Connecting Practice, Training, and Expertise", our program focuses on translating modern evidence into practical clinical decisions.

Beyond scientific exchange, WECOC is a home for our community, and this year we highlight our alumni gathering. Our alumni have made immense contributions to society—driving clinical innovation, shaping healthcare policy, and mentoring future leaders. Reconnecting allows us to honor these achievements and inspire the next generation of cardiologists.

My sincere thanks to all faculty, organizers, and participants. We look forward to welcoming you to Jakarta to share knowledge, celebrate our alumni network, and advance patient care together.

Warm regards,
Sunu Budhi Raharjo
